

Mac OS X

© Step 1

---

Activate "AirPort".

## Step 2

Choose an appropriate SSID for the Wi2 area from the Wi-Fi Network list.

\*Listed SSIDs are different between Wi2 own areas and roaming service areas.

### ◎ Step 3

---

Check if it has been connected to Wi-Fi.

## ◎ Step 4

Wi2 300

Wi2User Roaming

Login ID @wi2

Password

Sign up Login

Login ID can be an arbitrarily-specified character string or email address.  
Forgot password? Click Here (Wi2 users only).  
\*This WEB page has been encrypted to ensure data security.

Open a browser. The login screen is displayed.

Enter your login ID and password.

\*If you are in a roaming service area, add "@wi2" at the end of your ID.  
(In Wi2 own areas, there is no need to add "@wi2".)
